I certify that the above results are the true results obtained for MR. PAUL OPOKU MENSAH, 33 YEARS as of the day of examination. He does not suffer from any condition captured under the WHO International Public Health Regulations of 2005 which can have serious repercussions on Public Health. He is therefore declared medically fit to travel/work

Yours faithfully,

DR. KOFI FRIMPONG OPPON
KOMFO ANOKYE TEACHING HOSP.
KUMASI

Dr Kofi Frimpong , Bsc MBChB
